MUNICH BRAIN COURSE  
INTENSIVKURS NEUROANATOMIE

### FRIDAY, March 23 - morning session

|             |   |
|-------------|---|
| ab 9.30     | <i>Registration and Welcome coffee</i>                                      |
| 10.00-10.15 | Introduction<br><i>Dr. Tobias Högen, Munich</i>                             |
| 10.15-11.00 | Brain structure – a journey<br><i>Prof. Dr. Benedikt Grothe, Munich</i>     |
| 11.00-11.15 | Introduction to hands-on session I<br><i>Dr. Katarina Groth MSc, Munich</i> |
| 11.30-13.00 | Hands-on session I  |
| 13.00-14.30 | Lunch break<br><i>(at your own choice, see restaurant list)</i>             |

### FRIDAY, March 23 – afternoon session

|             |  |
|-------------|--|
| 14.30-15.00 | An assembly of staining techniques: neuroimaging<br><i>Priv.-Doz. Dr. Marco Düring, Munich</i>                     |
| 15.00-15.30 | Anatomy of neurodegenerative diseases in distinct modalities of PET imaging<br><i>Dr. Matthias Brendel, Munich</i> |
| 15.30-15.45 | Introduction to hands-on session II<br><i>Dr. Tobias Högen, Munich</i>   |
| 15.45-17.15 | Hands-on session II  |
| 17.15-17.30 | Coffee break   |
| 17.30-18.00 | Human spatial navigation - neuroanatomical correlates<br><i>Dr. Florian Schöberl, Munich</i>                       |
| 18.00-18.45 | Keynote Lecture:<br>Development and function of commissural systems<br><i>Alain Chedotal, PhD, Paris, F</i>        |

### SATURDAY, March 24 – morning session

|             |  |
|-------------|--|
| 8.30-10.00  | Demonstration und Obduktion makropathologischer Fälle (only in German)<br><i>Prof. Dr. Andreas Büttner, Rostock</i><br><i>Prof. Dr. Matthias Graw, München</i> |
| 10.00-10.30 | Dissecting the white matter<br><i>Priv.-Doz. Dr. Marco Düring, München</i>   |
| 10.30-10.45 | Introduction to hands-on session III<br><i>Dr. Benedikt Bader, Bad Aibling</i>   |
| 10.45-11.00 | Kaffeepause  |
| 11.00-12.30 | Hands-on session III   |
| 12.30-14.00 | Lunch break<br><i>(at your own choice, see restaurant list)</i>  |

### SATURDAY, March 24 – afternoon session

|             |   |
|-------------|---|
| 14.00-14.30 | Vascular anatomy and related pathology<br><i>PD Dr. Nils Peters, Basel, CH</i>                              |
| 14.30-15.00 | Frontotemporal lobar degeneration syndroms<br><i>Priv.-Doz. Dr. Johannes Levin, Munich</i>                  |
| 15.00-15.30 | The neuroanatomy of the hippocampus: how structure implies function<br><i>Virginia Flanagan PhD, Munich</i> |
| 15.30-16.00 | Closing remarks<br><i>Dr. Tobias Högen, Priv.-Doz. Dr. Marco Düring</i>                                     |

## Important informations:

### General

- You have registered for the German part of the course (Munich Brain Course). Unfortunately, it is not possible to change to the German lectures during the course for organizational reasons.
- The **Keynote Lecture** (anglophone) on Friday evening as well as the **Makropathologische Demonstration** (only in German) on Saturday morning take place at the „Großer Hörsaal“ for both course (see program).
- The **certificates of attendance** you will receive at the end of the Munich Brain Course (Saturday afternoon).
- This course is accredited with **18 CME points** of the Bayerische Landesärztekammer.
- Please **register in the attendance** lists on each course day.

### Dissection part

- Because of exposure to formaldehyde used for brain tissue preservation **pregnant women** are not allowed to participate in the dissections.
- The dissections take place in the anatomy theater of the institute. Due to possibly low temperatures in autumn we recommend to bring warm clothing.
- You will be provided with **examination gloves and disposable aprons**. There is no need to bring your own equipment. Please, notify us of **latex allergies** so that we can provide appropriate gloves
